

DIRECT-TO-CLOUD SURVEILLANCE

Eagle Eye Direct Cabinet System Data Sheet

Add video surveillance and connect to the cloud without wired internet.

AVAILABLE AS
CapEx or OpEx

Key features:

Location flexibility:
Connect cameras to the Cloud VMS in any location without a network connection.

Weather resistance:
Protect your system in a rugged enclosure to survive a wide range of environmental conditions.

Reduced installation costs:
Eliminates the need for trenching and wiring, which can save thousands of dollars.

Extend surveillance beyond network range with Eagle Eye Cloud VMS.

Camera solutions for customers that need video surveillance without an accessible network connection. Eagle Eye Direct Cabinet Systems connect directly to the Eagle Eye Cloud VMS through an included cellular connection. Avoid the cost of trenching and get started even easier with the Eagle Eye Complete OpEx model.

APPLICATIONS FOR EAGLE EYE DIRECT CABINET SYSTEMS

Add security in remote locations where wired internet is not feasible including property perimeters and industrial sites. Curb illegal dumping, theft, and other criminal behavior.

- Property management - parking or perimeter areas with available power
- Construction - site surveillance and perimeter security
- Municipal - parks and outdoor recreational facilities
- Construction - site surveillance and perimeter security
- Industrial - power infrastructure, oil and gas, water treatment facilities
- Event venues - festivals, concerts, and amphitheaters
